

28th ESPACOMP conference – Naples, Italy
International Society for Medication Adherence
NOVEMBER 21st - 22nd, 2024

POSTER PRESENTATION GUIDELINES

Please read and respect the following guidelines when preparing your poster.

Poster Dimensions

The recommended printed poster dimensions are: **90 cm (width) x 120 cm (height) (portrait orientation)**. Posters should be easily readable at about 2 m. The conference organizers will provide suitable fixing materials.

Poster Sessions

All posters will be available for review by conference attendees on Thursday and Friday, as described in the conference program materials. Poster authors / presenters are kindly asked to be present by their poster during breaks to answer any questions conference attendees may have and discuss their work, and thus benefit most of the opportunities of on-site meeting.

The winner of the Jean-Michel Métry poster prize will be announced on Friday November 2nd, at 17:30 before the closure of the meeting. The prize is a free registration to next year's ESPACOMP conference.

Mounting your Poster

The poster area will be open for mounting on Thursday morning beginning at 8:00. All posters should be set up no later than 10:00 Thursday, to be in place for the duration of the scientific meeting. Posters will be displayed on 2-sided poster boards; they will be hung on poster boards with the corresponding abstract number. The conference organizers will be present to help you to find your poster board. Posters will be organized by content area, therefore not by chronological or alphabetical order.

Removing your Poster

Please remove your poster on Friday November 22nd by **19:00**. The conference organizers cannot accept responsibility for any material left behind. The organizers are not responsible for any loss or damage to any posters that are not removed by the advised time. Posters left behind after this time will be discarded.

REGISTRATION

All presenters must register for ESPACOMP membership and conference access, before **1 NOVEMBER** at the latest. This can be done on the ESPACOMP website (<https://www.espacomp.eu/annual-meetings/>).
